SPECIAL SUPPLEMENT INDEX

FOR

VOLUME 1, 1973 TO VOLUME 23, 1995

Compiled by

Christine Stratigos

This index has been compiled as a resource supplement to The Aboriginal Child at School, and covers all issues from Volume 1, 1973 to Volume 23, 1995. There are two sections to the index. The first section is an Author/Title index providing an alphabetical listing by senior author with complete details of all authors, the full title of each article, volume and issue number, and page numbers. In 1994, the twenty-first year of publication of The Aboriginal Child at School, an Anniversary issue was compiled in which a selection of articles was reproduced from the more than one hundred issues of the journal. For each of these articles, the original reference details are provided, followed by the 1994 reference information.

The second section is an index of Schools listed by State/Territory. Each school entry is followed by year, volume and issue number and page numbers. Where a school has multiple entries, the school name appears once, followed by all reference details for each entry.

The Editors hope that you will find this index a useful resource. We would like to take this opportunity to thank the authors of the many articles we have received over the years, and invite you to continue your valued contributions to this important journal.

SPECIAL SUPPLEMENT INDEX

FOR

VOLUME 1, 1973 TO VOLUME 23, 1995

Compiled by

Christine Stratigos

This index has been compiled as a resource supplement to The Aboriginal Child at School, and covers all issues from Volume 1, 1973 to Volume 23, 1995. There are two sections to the index. The first section is an Author/Title index providing an alphabetical listing by senior author with complete details of all authors, the full title of each article, volume and issue number, and page numbers. In 1994, the twenty-first year of publication of The Aboriginal Child at School, an Anniversary issue was compiled in which a selection of articles was reproduced from the more than one hundred issues of the journal. For each of these articles, the original reference details are provided, followed by the 1994 reference information.

The second section is an index of Schools listed by State/Territory. Each school entry is followed by year, volume and issue number and page numbers. Where a school has multiple entries, the school name appears once, followed by all reference details for each entry.

The Editors hope that you will find this index a useful resource. We would like to take this opportunity to thank the authors of the many articles we have received over the years, and invite you to continue your valued contributions to this important journal.
